Limitations for use:

The surface materials and floor coverings with low flame-spread characteristics (e) adhesives used in the construction of "A", "B" & "C" class divisions, shall be used in accordance with the requirements of SOLAS as amended and the manufacturer's instruction.

Conditions of the validity:

1. The products are to be manufactured in accordance with the approved production quality assurance system (Module D) or the approved product quality assurance system (Module E), or are to be subjected to product verification (Module F) of the Council Directive 2014/90/EU on Marine Equipment and be affixed with the Mark of Conformity.
2. The Mark of Conformity may only be affixed to the above type approved equipment and a Manufacturers Declaration of Conformity issued when the production control phase under 1. above is fully complied with.
3. This Certificate will not be valid if the manufacturer makes any changes or modifications to the approved equipment which have not been notified to, or agreed with by Nippon Kaiji Kyokai (Netherlands) B.V.
4. If the Directive or the applied Standard(s) is amended, the product is to be re-approved in accordance with the amended requirements prior to it being supplied to vessels to which the amended Directive or Standard(s) apply.
5. The Manufacturer must inform Nippon Kaiji Kyokai (Netherlands) B.V. on all modifications which may affect compliance with the requirements.
6. Production tests are to be carried out in accordance with approved procedures.
